About SKP

We are a long established and rapidly growing professional services group headquartered in India with presence in Chicago, Toronto and Dubai. We specialise in providing sound business, tax guidance and accounting services to international companies that are currently conducting or initiating business in India as well as those expanding overseas.

Today, we serve over 1,200 clients including Fortune 500 companies, multinationals, listed companies, privately held and family-owned businesses from over 45 countries.

From consulting on entry strategies to implementing business set-up and M&A transactional support, the SKP team assists clients with assurance, domestic and international tax, transfer pricing, corporate services, and business process management matters, all under one roof. Our multi-disciplinary team of over 1000 members includes accountants, engineers, legal, tax and management professionals, is dedicated to ensuring clients receive continuity of support, right across the business lifecycle. We emphasise on the importance of professional standards and personalised service by serving our clients with integrity, delivering high quality, innovative results.

This focus is also witnessed in our Corporate Social Responsibility activities. We firmly believe that social responsibility is about contributing beyond a mere monetary donation – it truly is a responsibility. At SKP, we focus on getting involved and here too, we're always seeking innovative solutions to help the less fortunate as we believe it is a privilege to have the opportunity to make a difference.

SKP 360°

We look at ourselves as your partner and not just a service provider. We strive to learn every client's unique challenges by providing personalised attention, which enables us to arrive at relevant and innovative solutions.

We explore and examine all aspects of a situation, often delving into issues beyond the defined scope of work. With our collaborative approach, we are dedicated to ensuring that you receive our support throughout the business lifecycle.

We are your 360-degree-solution-providing partner.

Our Experience

Helped a leading US-based medical devices company prepare a business plan for setting up a manufacturing facility in North India and assisted in the implementation of their overall India entry strategy

Supported a US-based developer and manufacturer of innovative water purification and disinfection technology to provide integrated implementation support services to its subsidiary in India

Assisted the Indian subsidiary of a US-based company dealing in consumer health products with a third-party review with respect to compliance with withholding tax provisions and the process followed by their Outsourced Service Provider to maintain their Accounts Payable and Accounts Receivable functions on SAP

Helped an American software consulting and outsourcing firm starting up in India comply with the local regulatory environment and avoid penalties

Set up a common platform for transaction processing and reporting, replacing various legacy systems for one of the world's largest and most diverse medical devices and diagnostics companies based in the US

Checked and revalidated the transfer pricing policy between a captive-service-providing Indian entity and the group company for the Indian arm of a US-based publishing and content management company

Helped a US-based non-profit organisation registered under section 501(c)(3) of the Internal Revenue Code, USA enter into a unilateral Advance Pricing Agreement (APA) with Indian tax authorities and enabled its Indian entity provide support services to its parent company with respect to identifying investments in social impact enterprises in India

Assisted with the monthly closure activities and cash application for receivables for a private US-based irrigation systems company in their manufacturing, distribution and sales activities in strict accordance with their reporting calendar and helped them shorten their month-end close cycle

Drafted contracts, analysed redlines and negotiated and executed the archived low and medium complexity buy-side contracts of a US-based healthcare multinational and work orders to Master Service Agreements (MSAs) to enable the client to shorten the contract cycle time by 25% and help the procurement team focus on core activities and complex agreements
